The Offering Memorandum incorporated by reference the information in True Leaf's Regulation A, Tier II - Form 1-A offering circular dated November 13, 2017 (the "**Reg A Offering Circular**"), regarding the offer for sale of the shares being made in the United States and outside of North America. No shares qualified in the United States under the Reg A Offering Circular will be sold in Canada. Except as otherwise provided herein, capitalized terms used in this document without definition have the meanings assigned to them in the Reg A Offering Circular.

The offering of up to 6,000,000 shares in Canada is being made solely by the Offering Memorandum and this Amendment and any decision to purchase such shares should be based solely on information contained in this document. It is considered a concurrent offering to our Reg A Offering and is being offered under the same terms to Canadian investors only. No person has been authorized to give any information or to make any representations concerning this offering other than those contained herein.

Please be advised of the below updates to certain information contained in the Offering Memorandum. The Offering Memorandum is hereby amended in all respects and where applicable in accordance with the information set out below.

GENERAL

Please be advised the first closing of the under the offering occurred January 4, 2018 for non-Canadian investors. A total of 8,833,590 shares were sold raising an aggregate total of \$6,183,513.

A second and final close of non-Canadian investors under the offering is expected to close shortly. A total of 5,452,125 shares are expected to be sold raising an additional aggregate total of \$3,816,487.

True Leaf has exercised its option to acquire the Lumby Property as described in the Offering Memorandum. The parties have set a closing date of January 22, 2018 to complete the purchase.

The Offering Memorandum provides Canadian investors the opportunity to invest in True Leaf on the same terms and conditions as non-Canadian investors under the Reg A Offering (other than Canadian investor are subject to a four-month hold period). Interest in the offering has exceeded the management's expectation of the public's interest in True Leaf. As a result, True Leaf, in consultation with the CSE, has expanded the Canadian side of its offering by up to 6,000,000 Shares (\$4,200,000). These additional Shares have been reserved for Canadian investors relying on the offering memorandum exemption, accredited investor, minimum investment amount and the friends, family and business associate exemptions in Canada. This offer is considered concurrent but outside the Reg A Offering. The purpose of this Amendment is to amend the disclosure in the Offering Memorandum accordingly and provide any updates required as of today's date.

ITEM 1 – USE OF AVAILABLE PROCEEDS

1.1 Funds

The disclosure under this Item of the Offering Memorandum is amended by replacing Section 1.1 with the following:

The following table discloses the estimated available funds (the "**Available Funds**") of the offering:

	Assuming	
	Minimum Offering	Maximum Offering
A. Amount to be raised by this Offering ⁽¹⁾	\$No minimum	\$14,200,000 ⁽²⁾
B. Selling commissions and fees ⁽³⁾	40,000	1,239,260
C. Estimated offering costs ⁽⁴⁾	85,000	103,750
D. Available Funds (D = A – (B + C))	0	\$12,856,990
E. Additional sources of funding required	0	0
F. Working capital deficiency	(125,000)	0
G. Total: G = (D + E) - F	(\$125,000)	\$12,856,990

Notes:

- (1) There is no minimum amount we are required to raise in this offering.
- (2) A total of \$10,000,000 of this stated amount is being raised in the concurrent Reg A Offering outside of Canada. A maximum of \$4,200,000 of this stated amount will be sold in Canada under available exemptions in Canada including the offering memorandum exemption.
- (3) We have engaged Boustead Securities, LLC, as the underwriter (the "**Underwriter**") to offer the Reg A Offering Circular covered shares to prospective investors in the United States on a best efforts basis, and our Underwriter will have the right to engage such other broker-dealers or agents as it determines to assist in such offering. We have agreed to pay the Underwriter selling commissions of eight percent (8.0%) of the gross offering proceeds; provided, however, the selling commission shall be reduced to zero percent (0%) with respect to that amount of gross offering proceeds received from investors who have a pre-existing relationship with us. We have also agreed to issue warrants to the Underwriter on the closing of this offering, which warrants shall be exercisable at any time, and from time to time, in whole or in part, during the three-year period from issuance, representing 6% of the securities issued in this offering (the "**underwriters' warrants**"). The underwriters' warrants are exercisable at an exercise price equal to 150% of the public offering price. In addition, the Underwriter will receive an advisory fee of US \$25,000 (C\$ and be reimbursed for expenses incurred in connection with this offering. Expenses are not to exceed 0.5% of the aggregate dollar amount of the securities issued in the offering. We have estimated reimbursement expense of \$50,000. See "**Plan of Distribution.**"
- (4) These amounts are the offering expenses we expect to pay from funds in this offering and does not include funds already paid from other sources. Marketing and other expenses include: (a) blue sky compliance and filing fees, and (b) fees to WhoYouKnow LLC and FlashFundrs. We have engaged WhoYouKnow LLC (d/b/a CrowdfundX, to assist us with marketing for a flat fee of US\$260,000 (approximately C\$335,504). We have engaged FlashFundrs, Inc. as the technology platform in connection with the offering and have agreed to pay a listing fee of US\$10,000 (approximately C\$12,904) plus a technology fee equal to 0.25% of the gross offering proceeds. We have paid \$361,736 of these expenses through other funds available to us. All amounts are estimates only by management.

The following information is an estimate based on our current business plan. We may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so. Pending these uses, we intend to invest the net proceeds of this offering in short-term, interest-bearing securities. We intend to spend the available funds as stated. We will reallocate funds only for sound business reasons.

1.2 Use of Available Funds

The disclosure under this Item of the Offering Memorandum is amended by replacing Use of Proceeds Table on pages 19 and 20 of the Reg A Offering Circular with the following:

Notes:

- (1) These amounts are the offering expenses we expect to pay from funds in this offering. Marketing and other expenses include: (a) blue sky compliance and filing fees, and (b) fees to WhoYouKnow LLC and FlashFunders. We have engaged WhoYouKnow LLC (d/b/a CrowdfundX, to assist us with marketing for a flat fee of US\$260,000 (approximately C\$335,504). We have engaged FlashFunders, Inc. as the technology platform in connection with the offering and have agreed to pay a listing fee of US\$10,000 (approximately C\$12,904) plus a technology fee equal to 0.25% of the gross offering proceeds. We have paid \$361,736 of these expenses through other funds available to us. All amounts are estimates only by management.
- (2) We have engaged Boustead Securities, LLC, as the underwriter (the “**Underwriter**”) to offer the shares to prospective investors in the United States on a best efforts basis, and our Underwriter will have the right to engage such other broker-dealers or agents as it determines to assist in such offering, including registered brokers in Canada. We have agreed to pay the Underwriter selling commissions of eight percent (8.0%) of the gross offering proceeds; provided, however, the selling commission shall be reduced to zero percent (0%) with respect to that amount of gross offering proceeds received from investors who have a pre-existing relationship with us. We have also agreed to issue warrants to the Underwriter on the closing of this offering, which warrants shall be exercisable at any time, and from time to time, in whole or in part, during the three-year period from issuance, representing 6% of the securities issued in this offering (the “**underwriters’ warrants**”). The underwriters’ warrants are exercisable at an exercise price equal to 150% of the public offering price. In addition, the Underwriter will receive an advisory fee of US \$25,000 (C\$ and be reimbursed for expenses incurred in connection with this offering. Expenses are not to exceed 0.5% of the aggregate dollar amount of the securities issued in the offering. We have estimated reimbursement expense of \$50,000. See “**Plan of Distribution**.”
- (3) These funds will be used for sales and marketing services from outside professional firms, independent consultants, and our employees to market and promote the company and all of its business segments. Our chief executive officer will lead this campaign and may be paid compensation for his service, expertise, and leadership.
- (4) We intend to purchase the Lumby Property if we are successful in raising the necessary capital through this offering or other capital or debt raising efforts. We have an option to purchase the Lumby Property for cash consideration of \$3,300,000.
- (5) A portion of the funds allocated to “**Office Employees and Other Consultants**” will be used for officers’ salaries.
- (6) Contingency capital may be used to advance our medical marijuana business or other business purposes.

The following information is an estimate based on our current business plan. We may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so. Pending these uses, we intend to invest the net proceeds of this offering in short-term, interest-bearing securities. We intend to spend the available funds as stated. We will reallocate funds only for sound business reasons.

TRUE LEAF MEDICINE INTERNATIONAL LTD.
Notes to Condensed Consolidated Interim Financial Statements
For the Six Month Period Ended September 30, 2017
(Expressed in Canadian dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

True Leaf Medicine International Ltd. (the "Company") was incorporated under the *Business Corporations Act* (British Columbia) on June 9, 2014 and is the legal parent of True Leaf Investments Corp. ("TL Investments"), True Leaf Medicine Inc. ("TL Medicine"), True Leaf Pet Inc. ("TL Pet") and True Leaf Pet Europe LLC Sàrl ("TL Pet Europe"). TL Investments, TL Medicine and TL Pet were each incorporated under the *Business Corporations Act* (British Columbia) on March 26, 2014, July 4, 2013 and November 18, 2015, respectively, and TL Pet Europe was incorporated under the Business Corporation Act in Luxembourg on July 18, 2016. The Company's registered office is located at 200, 1238 Homer Street, Vancouver, BC, V6B 2Y5.

On May 23, 2014, TL Investments completed a share exchange with TL Medicine and the sole shareholder of TL Medicine in which TL Investments issued 25,000,000 common shares valued at \$1,250,000 to that shareholder in exchange for all of the outstanding common shares of TL Medicine. The share exchange constituted a reverse takeover, with the sole shareholder of TL Medicine acquiring a control position in TL Investments.

On February 2, 2015, the Company completed a plan of arrangement which constituted a reverse takeover, with the shareholders of TL Investments acquiring a control position in the Company (the "Plan of Arrangement"). As a result of the Plan of Arrangement, the consolidated financial statements have been presented as a continuation of TL Medicine. On February 9, 2015, the Company's common shares began trading on the Canadian Securities Exchange (the "CSE") under the symbol "MJ".

The Company, through TL Medicine, is seeking to become a licensed producer of medical marijuana under Canada's *Access to Cannabis for Medical Purposes Regulations* ("ACMPR") program administered by Health Canada. As at September 30, 2017, the Company does not have a license with the ACMPR and no products are in commercial production or use. The Company has not been granted an ACMPR license and will be required to satisfy additional obligations in order to qualify including the completion of a compliant facility on a parcel of leased land in Lumby, British Columbia. There is a significant risk that the Company will not receive an ACMPR license, thus rendering the Company unable to proceed with its business model. The Company continues to work diligently to comply with all of the requirements of Health Canada.

As the Company awaits approval of its license application from Health Canada, it is looking at new opportunities with hemp-based nutrition for pets. TL Pet and TL Pet Europe have entered the Canadian, US and European natural pet product market with a product line consisting of hemp functional chews and supplemental products for pets.

Going Concern

These condensed consolidated interim financial statements (these "financial statements") have been prepared on the going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. For the six month period ended September 30, 2017, the Company incurred a loss of \$2,065,377 (September 30, 2016 - \$748,371) and earned \$762,228 (September 30, 2016 - \$126,675) in revenues all of which was associated with the Company's TL Pet and TL Pet Europe operations. The continued operations of the Company are dependent on its ability to generate future cash flows or obtain additional funding through private placement financings. Management is of the opinion that it does not have sufficient working capital to fund future operations and will require external financing. There is a risk that financing will not be available on a timely basis or on terms acceptable to the Company. These material uncertainties may cast significant doubt on the Company's ability to continue as a going concern.

TRUE LEAF MEDICINE INTERNATIONAL LTD.
Notes to Condensed Consolidated Interim Financial Statements
For the Six Month Period Ended September 30, 2017
(Expressed in Canadian dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN (cont'd...)

These financial statements do not give effect to any adjustments which would be necessary should the Company be unable to continue as a going concern and, therefore, be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in the financial statements.

2. BASIS OF PREPARATION

(a) Statement of compliance

These financial statements have been prepared using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"), including International Accounting Standard 34, Interim Financial Reporting ("IAS 34").

These financial statements follow the same accounting policies and methods of application as the Company's most recent annual financial statements and should be read in conjunction with the annual audited consolidated financial statements of the Company for the year ended March 31, 2017.

(b) Principles of consolidation

These financial statements incorporate the financial statements of the Company and its controlled subsidiaries. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. These financial statements include the accounts of the Company and its direct wholly-owned subsidiaries: TL Investments, TL Medicine, TL Pet and TL Pet Europe. All significant intercompany transactions and balances have been eliminated on consolidation.

(c) Basis of measurement and use of estimates

These financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair value. All amounts on the financial statements are presented in Canadian dollars which is the functional currency of the Company and its subsidiaries, with the exception of TL Pet Europe which has a functional currency of the Euro.

The preparation of these financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the period. These estimates are, by their nature, uncertain. The impacts of such estimates are pervasive throughout the financial statements, and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods if the revision affects both current and future periods. These estimates are based on current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates are estimates and assumptions made by management that may result in a material adjustment to the carrying amount of assets and liabilities within the next financial year include, but are not limited to, the following:

TRUE LEAF MEDICINE INTERNATIONAL LTD.
Notes to Condensed Consolidated Interim Financial Statements
For the Six Month Period Ended September 30, 2017
(Expressed in Canadian dollars)

2. BASIS OF PREPARATION (cont'd...)

(i) Share-based payments and compensation

The Company has applied estimates with respect to the valuation of shares issued for non-cash consideration and shares determined to have been issued at a discount. Shares are valued at the fair value of the equity instruments granted at the date the Company receives the goods or services.

Prior to listing on the CSE, the Company estimated the fair value of shares issued with reference to private placements with arm's length parties.

The Company measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. Estimating fair value for share-based payment transactions requires determining the most appropriate valuation model, which is dependent on the terms and conditions of the grant.

(ii) Income taxes

The determination of income tax is inherently complex and requires making certain estimates and assumptions about future events. While income tax filings are subject to audits and reassessments, the Company has adequately provided for all income tax obligations. However, changes in facts and circumstances as a result of income tax audits, reassessments, jurisprudence and any new legislation may result in an increase or decrease in the Company's provision for income taxes.

(iii) Accounting for the business combination

The fair value of assets acquired and the resulting bargain purchase option required that management make estimates based on the information provided by the acquiree. Changes to the provisional values of assets acquired, including the associated deferred income taxes and resulting bargain purchase option, may be retrospectively adjusted when the final measurements are determined (within one year of acquisition date). The determination of fair value as of the acquisition date requires management to make certain estimates about future events, including, but not restricted to, profitability of assets acquired, useful lives and discount rates.

(iv) Amortization rates for intangible assets

Amortization expenses are calculated based on assumed intangible asset lives. Should the intangible asset life or amortization rates differ from the initial estimate, an adjustment would be made in the consolidated statement of loss and comprehensive loss.

Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements include, but are not limited to, the following:

(i) Functional currency

The functional currency of each of the Company's subsidiaries is the currency of the primary economic environment in which the entity operates. Determination of the functional currency may involve certain judgments to determine the primary economic environment and the Company reconsiders the functional currency of its entities if there is a change in events and conditions which determined the primary economic environment.

2. BASIS OF PREPARATION (cont'd...)

(ii) Business combination

Determination of whether the set of assets acquired constitute a business required the Company to make certain judgments, taking into account all facts and circumstances. A business is presumed to be an integrated set of activities and assets capable of being conducted and managed for the purpose of providing a return in the form of dividends, lower costs or economic benefits. The acquisition of the OregaPet assets (Note 4) was determined to constitute a business acquisition.

(iii) Financial instruments

Financial assets and liabilities are designated upon inception to various classifications. The designation determines the method by which the financial instruments are carried on the consolidated statements of financial position subsequent to inception and how changes in value are recorded. The designation may require the Company to make certain judgments, taking into account management's intention of the use of the financial instruments.

3. NEW AND FUTURE ACCOUNTING STANDARDS

New standards not yet adopted

During the six month period ended September 30, 2017, there were no new IFRS or IAS accounting standards that became effective that had a material impact on the Company's financial statements. There are, however, a number of new standards and amendments to existing standards effective in future periods.

The following may impact the reporting and disclosures of the Company:

- New standard IFRS 9 "Financial Instruments". This new standard is a partial replacement of IAS 39 Financial Instruments: Recognition and Measurement. This new standard is tentatively effective for annual periods beginning on or after January 1, 2018.
- New standard IFRS 15 "Revenues from Contracts with Customers". This new standard establishes principles for reporting the nature, amount, timing, and uncertainty of revenue and cash flows arising from an entity's contracts with customers. It provides a single model in order to depict the transfer of promised goods or services to customers. IFRS 15 supersedes IAS 11, Construction Contracts, IAS 18, Revenue, IFRIC 13, Customer Loyalty Programs, IFRIC 15, Agreements for the Construction of Real Estate, IFRIC 18, Transfers of Assets from Customers, and SIC-31, Revenue – Barter Transactions involving Advertising Service.
- New standard IFRS 16 "Leases". This new standard sets out the principles for recognition, measurement, presentation, and disclosure of leases including guidance for both parties to a contract, the lessee and the lessor. The new standard eliminates the classification of leases as either operating or finance leases as is required by IAS 17 and instead introduces a single lessee accounting model.

The Company has not early adopted the new standards and is currently assessing the impact that these standards will have on its financial statements.

4. ACQUISITION OF OREGAPET ASSETS

On December 22, 2016, the Company entered into an Asset Purchase Agreement (the "Agreement") with T.L.M. Developments Ltd., a private British Columbia company ("TLM"), to purchase certain assets which make up the OregaPet pet product line ("OregaPet"). These assets consisted of trademarks, formulas, inventory and a customer list. No physical facilities, employees, market distribution systems or sales force were acquired. The Company acquired OregaPet with the intent to rebrand certain products under its TrueLeaf Pet branding.

On November 3, 2016, the Company made a non-refundable deposit of \$1,000 upon signing a binding term sheet and a further non-refundable deposit on December 9, 2016 of \$99,000 to secure the Agreement. The Company also issued 476,190 common shares with a fair value of \$100,000 and issued a Promissory Note (the "Note") (Note 9) with a face value of \$139,283. The Note is repayable in equal monthly instalments over a term of three years commencing January 31, 2017. The Note does not bear interest, except in the case of a breach of the repayment terms for a period of more than 30 days in which case the entire balance of the Note will be payable immediately, and interest at a rate of 12% will be payable on the unpaid balance from the date of such non-payment until the Note is repaid in full.

The acquisition of OregaPet was considered a business combination and was accounted for using the acquisition method. The excess of the aggregate fair value of net assets acquired over the consideration paid was considered a gain on bargain purchase and was recognized to profit and loss.

The purchase price allocation based on the fair value of OregaPet's assets acquired and liabilities assumed is summarized as follows:

	December 31, 2016

12. FINANCIAL INSTRUMENTS, RISK AND CAPITAL MANAGEMENT

Fair Value

Financial instruments recorded at fair value on the consolidated interim statement of financial position are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- a) Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities;
- b) Level 2 - Inputs other than quoted prices that are observable for assets or liabilities, either directly or indirectly; and
- c) Level 3 - Inputs for assets and liabilities that are not based on observable market data.

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. The carrying value of accounts payable and accrued liabilities and due to related parties approximates their fair value because of the short-term nature of these instruments.

The fair values of cash and marketable securities are measured based on level 1 inputs of the fair value hierarchy.

Risk

The Company is exposed to various risks through its financial instruments and has a risk management framework to monitor, evaluate and manage these risks. The following analysis provides information about the Company's risk exposure and concentration as of September 30, 2017:

Credit risk

Credit risk refers to the risk that another entity will default on its contractual obligations which will result in a loss for the Company. At September 30, 2017, the Company's maximum exposure to credit risk was the carrying value of cash. The Company limits its credit exposure on cash by holding its deposits mainly with Canadian chartered banks.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting future obligations with financial liabilities. The Company is exposed to this risk mainly in respect to finance future growth. As at September 30, 2017, the Company had cash of \$819,093 to settle current liabilities of \$341,270.

Currency risk

The Company was not exposed to any currency risk as of September 30, 2017.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates. In seeking to minimize the risk from interest rate fluctuations, the Company manages exposure through its normal operating and financing activities. As at September 30, 2017, the Company did not have any liabilities that bear interest at rates fluctuating with the prime rate.
